

POWER UP YOUR WORKSITE WITH HEAVY-DUTY STRENGTH

Need to move mountain-sized loads in rugged environments? Thanks to a heavy-duty frame-rail and a 47" set-back axle, the International® PayStar® 5900 SBA model combines unsurpassed strength with incredible maneuverability and visibility to get the job done.

PayStar's high payload capacity allows you to pile cargo and take on any job with ease. When you need a tough truck with strength to spare, PayStar performs, and your company runs more efficiently.
